Comments:

Parking is a BIG problem. Shuttle need to run more frequently. An incentive program needs to be developed to increase customers using shuttle. Perhaps a discount at local merchants

Comments: Improve park-and-ride bus service to every 15 min (rather than just every 30 min) And it would worth it to make the park-and-ride bus FREE.

**RESPONSE BY JEFFERSON TRANSIT:**

Jefferson Transit provides shuttle service for the public every 30 minutes from the Haines Place Transit Center. The cost for an all-day pass is only \$1.50. Passengers can leave Haines Place Transit Center at the top of the hour and arrive at Water and Adams in 4 minutes.

If passengers leave Haines Place Park and Ride at 30 minutes after the hour, they will arrive at Water and Quincy in 7 minutes, and best of all, the 250 parking spaces at the Haines Place Transit Center are FREE.

We encourage everyone to "Try Transit."
